	Medical	Indemnity	Expense	Total
Reserves	\$30,700.00	\$21,340.00	\$1,500.00	\$53,540.00
Amount Paid	\$3,497.27	\$6,300.00	\$219.67	\$10,016.94
Outstanding	\$27,202.73	\$15,040.00	\$1,280.33	\$43,523.06

Accident Description/Nature of Injury:

- The employee injured his left ankle/Achilles tendon as he stepped into a badger hole while measuring the road along the ditch.

Investigation/Compensability

- Employee was in the course and scope of his employment.
- Acute and non-questioned accident with no pre-existing information found.

Medical Management

- The employee initially had an Achilles tendon repair performed by Dr. Huebner in Nebraska. During his post-op recovery he lost his balance on his knee scooter at home and re-ruptured the same tendon. This was seen as a consequence of the original injury and therefore the secondary repair was authorized. While being evaluated at his post op for his revision surgery it was found that he had an infection of the wound requiring a third surgery for wound debridement.

Periods of Disability

- Employee has been unable to work since the injury date and with his third surgery to be completed today it is estimated he will be off work at least 8 more weeks.

Permanent Partial Impairment/Permanent Disability

- The claimant will receive a likely impairment for his injury and we will calculate as a scheduled injury. We estimate that his impairment will result in a settlement in the range of five to ten thousand dollars.

Subrogation/Other Issues

- N/A

Plan of Action:

- I will monitor the claim for the possibility of returning to work in an accommodated position.
- Post MMI we will offer a settlement and attempt to close the claim on a full and final basis.
